

Second International Congress on
Neuropathic Pain
Berlin, Germany, June 7 – 10, 2007

Following the success of the First International Congress of the Special Interest Group on Neuropathic Pain (NeuPSIG) that took place in Madrid in May 2004, we are happy to announce that the Second Congress in the series will take place in June 2007 in Berlin.

As in Madrid, plenary sessions, topical workshops and poster presentations will be the backbone of the scientific program. The program is designed to fulfil the aim of NeuPSIG to advance the understanding of mechanisms, assessment, prevention and treatment of neuropathic pain.
