Program

【Day 1】 July 21 (Thu), 2022

7:55–8:00 **Opening Ceremony**
Chairman: Takeshi Terui (Higashi Sapporo Hospital, Japan)

8:00–12:00 **Symposium 1**
Opioids and cancer pain: Evolving science and practice
Chair: Russell Portenoy (MJHS Hospice and Palliative Care, USA)
Co-chair: Michiaki Yamakage (Sapporo Medical University, Japan)
Co-chair: Naohito Shimoyama (Chiba University, Japan)

8:00–8:10 Introduction and welcome
Russell Portenoy (MJHS Hospice and Palliative Care, USA)

8:10–8:40 Opioid receptors: Structure, function and plasticity
Christoph Stein (Charité–Universitätsmedizin Berlin, Germany)

8:40–9:10 Genetic variation and the balance between opioid benefit and harm
Pål Klepstad (Norwegian University of Science and Technology, Norway)

9:10–9:40 Improving cancer pain management through system change
Marie Fallon (University of Edinburgh, UK)

10:00–10:30 Three examples of science translation to practice:
Opioid rotation, management of breakthrough pain, role of machine learning
Eduardo Bruera (University of Texas MD Anderson Cancer Center, USA)

10:30–11:00 Keynote lecture
“Balance at the bedside” – Optimizing benefits and minimizing harms
through best practices
Russell Portenoy (MJHS Hospice and Palliative Care, USA)

11:00–12:00 Panel discussion/ Q & A

12:00–13:00 **Luncheon Seminar1**
Integration of oncology and palliative care, a review of its his directions for the future
 Stein Kaasa (European Palliative Care Research Center (PRC), Oslo University University of Oslo, Norway)
 Chair: Takeshi Terui (Higashi Sapporo Hospital, Japan)

13:00–17:00 **Plenary Session1**
Recent progress in the integration of standard oncology and care

13:00–14:00 Integrating oncology and palliative care to improve patient c
 Providing the right intervention, at the right time for the rig
 David Hui(University of Texas MD Anderson Cancer Center, USA)
 Chair: Shigehira Saji (Fukushima Medical University, Japan)

14:00–15:00 Integrating palliative care aside curative treatment in hemat
 disease
 Thomas William LeBlanc(Duke University School of Medicine, USA)
 Chair: Masayoshi Kobune (Sapporo Medical University, Japan)

15:00–16:00 Immune-related adverse events associated with immunother
 agents
 Aung Naing(University of Texas MD Anderson Cancer Center, USA)
 Chair: Takao Takahashi (Saitama Medical University International M
 Japan)

16:00–17:00 Cancer rehabilitation in palliative care
 Jack Fu(University of Texas MD Anderson Cancer Center, USA)
 Chair: Akihito Tsuji (Kagawa University Faculty of Medicine Cancer (

17:00–18:00 **Evening Seminar1**
Palliative nursing – an essential component for the future of care
 Philip Larkin (Lausanne University Hospital, Switzerland)
 Chair: Yumiko Ogushi (Higashi Sapporo Hospital, Japan)

13:00–17:00 **Workshop**
**Meaning Centered Psychotherapy in Advanced Cancer Patier
 second location**
 Chair: William Breitbart (Memorial Sloan Kettering Cancer Center, USA)
 Facilitator: Fujisawa Daisuke (Keio University, Japan)

Facilitator: Kenji Nakamura (Higashi Sapporo Hospital, Japan)

Facilitator: Mayumi Ishida (Saitama Medical University International Medical C

Day 2 July 22(Fri), 2022

8:00–12:00

Symposium2

Making the case for integration of spiritual issues in palliative

Chair: Christina Puchalski (George Washington University, USA)

Co-chair: Betty Ferrell (City of Hope Comprehensive Cancer Center, USA)

Co-chair: Chie Watanabe(Showa University, Japan)

8:00–8:40

Keynote lecture

Developing educational and clinical models in interprofession
care: An essential component of palliative care

Christina Puchalski (George Washington University, USA)

8:40–9:20

Supporting the integration of spiritual care as an essential c
palliative care

Betty Ferrell (City of Hope Comprehensive Cancer Center, USA)

9:20–10:00

Spirituality and palliative care: Current evidence and future

Karen Steinhauser (Duke University School of Medicine and the Du
Affairs Medical Center, USA)

10:00–10:40

Palliative care through the lens of specialist spiritual care

Anne Vandenhoeck (Katholieke Universiteit Leuven, Belgium)

10:40–11:20

Embracing a spiritual and compassionate care for patients li

advanced and terminal illnesses with existential and spiritua
Marvin Omar Delgado Guay (University of Texas MD Anderson Ca
USA)

11:20–12:00

Panel discussion/ Q & A

12:00–13:00

Luncheon Seminar2

Philosophical oncology: The intersection of medicine, philosop religion

Frank Brescia (Medical University of South Carolina, USA)

Chair: Satoshi Miyake (Graduate School of Tokyo Medical and Dental Univers

13:00–17:00

Plenary Session2

Determinants and effects of existential suffering in the clinic palliative care

-
- 13:00–14:00** The role of psycho-oncology in existential questions in palliative care
Friedrich Stiefel(Lausanne University Hospital, Switzerland)
Chair: Kenji Nakamura (Higashi Sapporo Hospital, Japan)
-
- 14:00–15:00** Communicating with patients experiencing existential threat
Peter Salmon(University of Liverpool, UK)
Chair: Hideki Onishi (Saitama Medical University International Medicine, Japan)
-
- 15:00–16:00** How existentially distressed patients affect clinicians
Sarah Dauchy(APHP, Centre University of Paris, French)
Chair: Ken Shimizu (Cancer Institute Hospital of JFCR, Japan)
-
- 16:00–17:00** Discourses on death and dying and their effects on palliative care
Camilla Zimmermann(University of Toronto, Canada)
Chair: Shunichi Nakagawa (Columbia University Medical Center, USA)
-

- 17:00–18:00** **Evening Seminar2**
Global palliative care development: Promoting access to service essential medicines, through understanding of international processes
Joseph Clark (Wolfson Palliative Care Research Centre, University of Hull, UK)
Chair: Toshiro Kusakabe (Higashi Sapporo Hospital, Japan)
-

Day 3 July 23(Sat), 2021

- 7:00–7:05** **Opening Ceremony**
Chairman: Satoshi Miyake (Graduate School of Tokyo Medical and Dental University)
-
- 7:05–12:00** **Plenary Session3**
Technology Enabled Care in palliative care
Chair: David Hui (University of Texas MD Anderson Cancer Center, USA)
-
- 7:05–7:10** Introduction
David Hui (University of Texas MD Anderson Cancer Center, USA)
-
- 7:10–8:05** Medical digital transformation after COVID-19: Industry 4.0 healthcare
Fumiaki Ikeno (Stanford University, USA)
-
- 8:05–9:00** Intelligence augmentation in healthcare platform – Microsoft
Akira Sakakibara (Microsoft Development Co.Ltd, Japan)
-

9:00–10:00 Telemedicine, artificial intelligence, and digital therapeutics: Robots or the future of compassionate care?
Mihir M. Kamdar (Massachusetts General Hospital, USA)

10:00–11:00 Institutional implementation of electronic patient reported outcomes measures and telemedicine during the COVID pandemic
Augusto Caraceni (Fondazione IRCCS National Cancer Institute, Cancer Research Network, Italy)

11:00–12:00 The ethical dimensions of technology-enabled palliative care
Ralf J. Jox (Lausanne University Hospital, Switzerland)

12:00–13:00 **Luncheon Seminar3**
Development of a novel department of supportive oncology
Declan Walsh (Levine Cancer Institute, Editor-in-chief of BMJ Supportive and Palliative Care, USA)
Chair: Masahiko Nishiyama (Higashi Sapporo Hospital, Japan)

13:00–17:00 **Symposium3**
Euthanasia, physician assisted suicide and their connection to palliative care
Chair: Harvey Max Chochinov (University of Manitoba, Canada)
Co-Chair: Friedrich Stiefel (Lausanne University Hospital, Switzerland)

13:00–13:05 Introduction
Harvey Max Chochinov (University of Manitoba, Canada)

13:05–14:00 Death, dignity and the wish to die
Harvey Max Chochinov (University of Manitoba, Canada)

14:00–15:00 The ethical, legal and professional landscape of physician hastening death
Richard Huxtable (University of Bristol, UK)

15:00–16:00 The psychiatric and existential case against physician hastening death
William Breitbart (Memorial Sloan Kettering Cancer Center, USA)

16:00–17:00 When is medically assisted dying appropriate?
Madeline Li (Princess Margaret Cancer Centre, Canada)

17:00–17:05 **Closing Ceremony**
Chairman of the 5th SCPSC: Masayoshi Kobune (Sapporo Medical University, Japan)
